VII National Tournament Quality Cup Presidential Coffee 2021

1. Description

Finca Cafe farm – finca cafe micro lot

Mrs. Nidia has been producing coffee for more than 15 years, bets on the Typical or Criolla variety and Red Catuai produced at an altitude greater than 1600 meters above sea level and in its participation in past versions it ended up located within the 10 best coffees produced in Bolivia.

Its coffee plantations consider associations with annual and shade crops. It carries out both the handling and the beneficiation in a traditional way, using African-type beds for drying and processing coffee in the traditional pre-processing plants, including running channels to obtain washed coffee.
