VII National Tournament Quality Cup Presidential Coffee 2021

1. Description

Ramirez Farm – Ramirez Micro Lot

Mr. Raimundo Ramirez, his wife and their two children live in the Polea community in the municipality of Cajuata, in an environment where vegetables, coca leaves and even fruit trees are grown at high altitudes.

Mr. Raimundo' parents were dedicated to the cultivation of coffee in the past and even became associated in an organization of coffee growers, however, coffee was relegated in recent years. With the holding of the Presidential Coffee Tournament in 2015, Mr. Raimundo and his family resumed coffee cultivation, betting particularly on Tipyca and Red Catuai coffee varieties.
