I. Description

Palmito Farm – Café Filomena Micro Lot

Mrs. Filomena and her husband, have been engaged in coffee farming for more than 15 years in the Copacabana community of the Caranavi Rural territory of the Caranavi municipality.

The commitment to quality in coffee has recently led them to cultivate exotic varieties such as Java, with which they seek to achieve high qualities, appealing above all to the good management that is typical of the culture transmitted for years of growing coffee.
